ABOUT
TCCP'S WOMEN IN TECHNOLOGY AWARDS

The Women in Technology (WIT) Awards is a celebration of women in technology who've had an impact in the central Pennsylvania region – past, present, and future.

It brings together hundreds of participants to recognize and celebrate the accomplishments and contributions of twenty-seven finalists across nine award categories. The event also awards scholarships to female students pursuing STEAM disciplines at local colleges, demonstrating our support for and commitment to the development of the next generation of talent.

For more information, visit: *tccp.org/wit*

ABOUT THE

TECHNOLOGY COUNCIL
OF CENTRAL PENNSYLVANIA

A Region Powered By Technology. The Technology Council of Central Pennsylvania (TCCP) connects members and organizations to promote technology and fuel economic development in the Central PA region.

TCCP serves members and investors in business, government, and academia by building partnerships and offering business development opportunities, attracting and retaining diverse talent, providing technology thought leadership, and recognizing innovators. For more than 24 years, our proven platform has a strong track record of assisting thousands of technology companies and individuals grow and succeed in Central Pennsylvania.

Learn more about TCCP at *tccp.org*

ABOUT
TCCP'S WOMEN IN TECHNOLOGY NETWORK

In recognition of gender parity issues in the technology sector, TCCP's WIT Network's mission is to raise awareness and facilitate change. We organize and support activities that foster networking among women, provide recognition and celebration of women technologists and inspire development of the next generation of women in technology. Men are encouraged and welcome to participate in all WIT events – together we can drive change.

In addition to quarterly networking events, the group hosts a WIT Awards Celebration each June when it confers awards to deserving regional women leaders and makes scholarship awards to female students pursuing STEAM disciplines.
